Submission:

Hello there,

I see there is a public meeting coming up at the Mt. Lorne Community Centre regarding the new electoral boundaries.

I am concerned about what this means for us, especially those outliers ---like those living in Lewes Lake like me.

I would prefer to be included with Mt. Lorne rather than Carcross...
Mt. Lorne IS our community..

I don't really think 12-2 p.m is a great time for public consultation, keeping in mind that many people are at work during the day. Something in the evening would be better...!

Sincerely,

Katy Delau
