Submission:

Just heard the rumour that you are considering removing McPherson and Hidden Valley from the Lake Laberge riding and connecting it with Porter Creek North. As a long time Yukon resident and resident of Hidden Valley, I can't see any benefit in this possible move for myself or family. I am also disturbed by the complete lack of public discussion on this matter. Porter Creek North riding is already big enough as it is, and reducing our riding makes absolutely no sense. If it's all right with you, I and many other people who would be effected by this proposal would like a say in this matter. Too democratic for you? I hope not.
