Submission:

Hello,

I live in MacPherson subdivision and was recently advised that the Board is considering putting MacPherson and Hidden Valley in the PC North riding.

I feel that without consultation with us, the people who live in this area, it is unclear what the reasoning is behind such a move.

May I suggest you ask us what we want? I personally do not feel a need to move to PC North. As a country residential resident, we have been served well in our current RURAL riding and I don't want to be mashed in with districts who do not have the same concerns we do.

Please offer a consultation, or inform us why such a move is being contemplated, and what we get out of it.

Thank you.
