

SUBMISSION #34

34) Submitted by: Al Falle
Date Submitted: March 9, 2018
Electoral District: Lake Laberge/Porter Creek North

Submission:

As an X MLA for Hootlinquia, I have serious problems with moving MacPherson & Hidden Valley out of the Labarge riding. These communities have been a part of the rural riding since the riding was established; they are not urban and have no business in urban riding. I feel certain the people in these ridings will not be happy with the decision to make them part of Porter Creek North.

Moving these ridings out of the Labarge riding is not a move that the people of the riding will be pleased with. You talk about consultation and hearing the people out well before such a drastic move; you should have the consent of the majority of the people that will be affected. And don't bother telling me that you have contacted the majority of these folks; you may have had a meeting, but what was your attendance?
