

SUBMISSION #36

Submission:

Good day,

I would like to register my support for the suggested change to the Porter Creek North riding boundary. I live in the MacPherson subdivision and it bothers me that this riding does not respect the municipal boundaries of Whitehorse. In the report produced for the House of Commons in 2012 on the redistribution of federal electoral districts, Saskatchewan noted how they “endeavoured to construct all electoral districts in the province in a manner that respects the integrity of municipal and First Nations reserve boundaries”. I believe Yukon should do the same.

Thank you,
Janet Drever-Purnell
