Hello All,

My daughter will be voting in the next election.

Our family of 3, please count that as three (3), objection to the proposed reduction in the size of our riding.

It seems to me that there is no compelling reasons to move MacPherson and Hidden Valley voters into another riding.

If the commission has any reasons, they should be put up for review and discussion by ALL the voters in Laberge.

Your interim report states NO change to Laberge.

Where is this change coming from?

Wake up folks, this is the age of consultation and discussion and yes eventually a decision.

We all know that the lack of discussion and reasons can lead the parties.

Feel free to organize a public meeting, in the riding, to hear our view.

I suggest the Hidden Valley School. This location has been and continues to be the one and ONLY location of choice for any large riding business.

Easy solution: Stick to the interim report.
