

SUBMISSION #42

42) Submitted by: Krista and Delwyn Klassen
Date Submitted: March 10, 2018
Electoral District: Lake Laberge/Porter Creek North

Submission:

To the Electoral Boundary Commission,

My husband and I would like to support the recommendation brought forward to the Commission to add properties within the municipal boundary in Laberge, to the riding of Porter Creek North. Those who live within city limits have much different concerns than those of us who live on rural or agricultural properties. They pay city taxes and receive some city services, which everyone who lives outside of city limits does not. There are other country residential properties contained within Porter Creek North currently, so this will not be uncharted ground for the MLA of the area. This will also allow the Laberge MLA to focus on the rural needs of the remaining residents. While the number of people within the riding is smaller, the concerns and amount of land that the riding takes up is vast.

Thank you for your consideration
