

SUBMISSION #5

- 5) Submitted by:** Charles Brunner, Klondike Returning Officer
Date Submitted: September 17, 2017
Electoral District(s): Klondike/Mayo-Tatchun

Submission:

My proposal for the committee is that the eastern boundary of Klondike should be the McQueston River: That is, keeping the boundary on the same line of longitude till it meets the Stewart River, the following it till it meets the McQueston, then taking the McQueston for 20km or so, then taking another line of Longitude to the northern border of Klondike. There are several electors who live on the west side of the river who are more connected with Dawson than with Mayo. It would be more convenient for them to vote where they do business, keep a post box and buy groceries. It might not good to follow the river all the way to Mayo, but if it is followed for 20km or so, then it would encompass the four electors I know about.

I have run this proposal past Joan Hyrve, Mayo-Tatchun Returning Officer, and she supports it.
